About This Collection

Easy Level: Melody + Bass Notes + Common Chord Shapes

These easy Christmas arrangements are for beginner or intermediate guitarists looking for easy sight-readable songs for the holiday season. I've added the lyrics and chords to make them as useful as possible in group or family settings if singing occurs. More advanced guitarists may wish to improvise or work-out intros and extra accompaniment. Otherwise, the arrangements are simple melodies plus bass notes and some filling out of common first position chords. I wanted to create a nice and simple edition so people can spend the holiday relaxing and not practicing difficult arrangements.

Creating Easier Versions

Students may wish to play only the melody (notes with stems going up) or melody and bass notes only (leaving out chords). Anything goes! Also, when you encounter notes in parenthesis (brackets) feel free to omit those notes.
